Dear Member:

2022

Education has many meanings in the Union environment. Developing seminars and arranging for guest speakers to address our membership in regards to developments in the area of Labor Relations is one way we internally provide educational opportunities to our rank and file members.

Another way we assist our members is through the annual Local 481 scholarship program. Over the years several hundred of our members and their children have participated in this unique program and dozens have been awarded \$500.00 worth of financial assistance.

Our program (which consists of eight (8) available scholarship awards of \$500.00 each) is open to not just our members and their children, but our members' grandchildren, spouses and domestic partners as well.

What better way to achieve our general goal of enhancing the education of our members than to play a part in assisting our members and their families in achieving their individual (or family) educational goals?

When filling out the attached application, please indicate who the applicant is (member, child, grandchild or spouse/domestic partner). Remember, if the scholarship applicant is an eligible family member, then the Union member has to complete and sign the back of the application form. Whether the applicant is a Local 481 member or an eligible family member, they must also submit a copy of registration or matriculation documentation for the current or upcoming fall school session, including proof of payment from the attending educational institution, in order to have their application and essay considered (see attached application and program description for more details and rules).

As you participate in this application process, we want to wish you (and/or your family) the best in your educational endeavors. Thank you for participating in this worthwhile program that we should all feel proud of.

Fraternally,

Victor D. Torres
Secretary Treasurer
