Between
The International Brotherhood
of Teamsters
Local Union No. 481
And
Ryder Truck Rental, Inc.

This Agreement and its attached addendums, made and entered May 1, 2024, by and between Ryder Truck Rental, Inc., 5345 Overland Avenue, San Diego, California 92123 (and all other Ryder Truck Rental, Inc. facilities in San Diego County) herein after called the "Employer" and the International Brotherhood of Teamsters Local 481, San Diego herein after called the "Union."

When a masculine pronoun is used in this Agreement, it is intended to apply to the female gender as well.

ARTICLE 1 - UNION SECURITY

Section 1: Hiring of Employees:

Only members in good standing in the Union shall be retained in employment. For the purpose of this Section, "member in good standing" shall be defined to mean employee members of the Union who tender the periodic dues and initiation fees uniformly required as a condition of acquiring or retaining membership.

All employees covered by this Agreement shall become members of the Union within thirty-one (31) days from the date of employment, or within thirty-one (31) days from the effective date of this Agreement, whichever is later and shall remain members of the Union in good standing as a condition of continued employment. Only those employees in the job classifications set forth in each attached addendum shall be covered by this Agreement.

Section 2: Union Recognition:

It is agreed that the signing of this Agreement shall constitute recognition of the Union, and it is further agreed that no member shall be discharged for activity in representing the Union.

Section 3: Union Security:

The Employer agrees within seven (7) days of the date of hiring to notify the Union of the name or names of all persons hired. It shall be the employee's responsibility to keep the Employer informed of his address or telephone number change on forms provided by the Employer.

Section 4: Check-off:

The Employer, at the request of the Union, is to deduct from the wages of employees membership dues (and initiation fees) of the Union and promptly transmit such funds to the Union; Provided that the Employer has received from each employee, on whose account such deductions are made, a written assignment which shall not be revocable for a period of more than one year, or beyond the termination date of the applicable collective Agreement, whichever occurs sooner.

Section 5: Agency Shop:

No provision of this Article shall apply in any state to the extent that it may be prohibited by state law. If under applicable state law additional requirements must be met before any such provision may become effective, such additional requirements shall first be met. If any agency shop clause is permissible in any state where the other provisions of this Article cannot apply, the following agency clause shall prevail:

- (a) Membership in the Union is not compulsory. Employees have the right to join, not join, maintain, or drop their membership in the Union, as they see fit. Neither party shall exert any pressure on or discriminate against an employee as regards such matters.
- (b) Membership in the Union is separate, apart and distinct from the assumption by one of his equal obligation to the extent that he receives equal benefits. The Union is required under this Agreement to represent all of the employees in the bargaining unit fairly and equally without regard as to whether or not an employee is a member of the Union. The terms of this Agreement have been made for all employees in the bargaining unit and not only for members in the Union, and this Agreement has been executed by the Employer after it has satisfied itself that the Union is the choice of a majority of the employees in the bargaining unit.

Accordingly, it is fair that each employee in the bargaining unit pays his own way and assumes his fair share of the obligation along with the grant of equal benefits contained in this Agreement.

- (c) In accordance with the policy set forth under subparagraph (a) and (b) of this section, all employees in the bargaining unit shall, as condition of continued employment, pay to the Union the employee's exclusive collective bargaining representative, an amount of money equal to that paid by other employees in the bargaining unit who are members of the Union, which shall be limited to an amount of money equal to the Union regular and usual initiation fees, and its regular and usual dues. For present employees, such payments shall

- (d) commence thirty-one (31) days following the effective date or on the date of execution of this Agreement, whichever is later, and for new employees the payment shall start thirty-one (31) days following the date of employment.

Section 6: Drive:

Effective May 1, 1992, the Company agrees to deduct from the paycheck of all employees covered by this Agreement voluntary contributions to the Local 481 Drive Fund. The Union shall provide the Company with properly executed employee authorizations indicating the amount of employee contribution that is to be deducted from the employee's paycheck on a weekly basis in all weeks worked. The phrase "weeks worked" excludes any week other than a week in which the employee earned a wage. The Company shall transmit to the Local Union 481 Drive Fund, on a monthly basis, a check for the employee(s) for whom deductions were made, the employee's social security number and the amount deducted from that employee's paycheck. The Company shall remit to the Local 481 Drive Fund by the fifteenth (15th) day of the following month all funds for which deductions were made. The Union agrees to indemnify and hold the Company harmless from any and all actions that may result from compliance with this Section.

ARTICLE 2 - MANAGEMENT RIGHTS

The rights of the Employer shall include, but shall not be limited to, his right to conduct the business, his operation and the direction of his working forces. The Employer's discretion and judgment shall control the selection and retention of employees and the work and duties to which they are assigned, including the right to hire, transfer, schedule, promote, demote, suspend, and discharge and the right to make rules and regulations concerning the conduct of the business and the employees, providing the same are not contrary to the terms of this Agreement. The failure of the Employer to exercise his rights under this Article in any respect shall not be taken as a waiver of rights.

ARTICLE 3 - WORKWEEK - OVERTIME

Section 1: Workweek:

The workweek shall consist of four (4) or five (5) consecutive days of ten (10) or eight (8) hours each at the employer's discretion. Lunch periods shall not exceed one-half (1/2) hour.

Overtime will be paid on employees who work ten (10) hour shifts after ten (10) hours. Double time (2x) will be paid for all hours worked in excess of twelve (12) in any one (1) day and for hours worked in excess of eight (8) on the seventh (7th) consecutive

Section 5: Work in Other Classifications:

When an employee is requested to do work in a higher rated classification other than for training and such work requires less than two (2) hours he/she shall receive his regular rate of pay. If an employee works more than two (2) hours he/she shall receive the higher rate of pay for the entire day in which such work is performed. When an employee is requested to work in a lower rated classification, he/she shall receive the regular rate for all work performed.

Section 6: Shagger:

A Shagger, otherwise known as the Employer's non-union transfer driver, is not to perform work on mechanical equipment.

Section 7: Job Posting:

All job openings are to be posted on bulletin board.

Section 8: Work in Progress:

If, at shift end, a work assignment is in progress, employees may complete their job assignment with prior approval from management. Work in progress will be limited to approximately one (1) hour. All assignments will be approved in advance by management.

Section 9: On Call Duty:

ARTICLE 10 - GRIEVANCE PROCEDURE

For the purpose of this Agreement, the term "grievance" means any dispute between the Employer and the Union or between the Employer and any employee concerning the effect, interpretation, application, claim of breach or violation of this Agreement, or any other dispute which may arise between the parties. Any such grievance shall be settled in accordance with the following grievance procedure:

STEP 1 - An employee believing he had cause for grievance may, within seven (7) working days, discuss the matter directly with his supervisor or he may take it up with his shop steward and supervisor. Every effort will be made at this time to resolve said grievance.

STEP 2 - In the event the grievance is not satisfactorily resolved in Step 1, the shop steward shall, within seven (7) working days from the initial oral discussion, submit a written grievance to the Maintenance Manager. The grievance shall be dated and signed by the employee and shop steward. The Maintenance Manager shall answer the complaint within seven (7) working days.

STEP 3 - In the event the grievance is not satisfactorily resolved in Step 2, the written grievance may be appealed to the Director of Operations and the Business Representative

of the Union. The Director of Operations shall review the alleged grievance and offer a decision within seven (7) working days after receipt of said grievance unless the time limit is extended by mutual consent. If settlement of the disputed matter is not resolved at this step, then the parties may proceed to a Joint Arbitration Committee. The Union will have thirty (30) calendar days to advance the grievance, or the matter will be considered withdrawn.

Warning letters shall not be referred to the Joint Arbitration Committee or any further steps of the Grievance Procedure unless said warning letter is relied upon to support a subsequent and timely suspension or discharge. Employees must file timely grievances on warning notices as provided for in this agreement in order for the Joint Arbitration Committee or other neutral entity to adjudicate them.

STEP 4 - the Joint Arbitration Committee shall be set up by the Employer and the Union, each having an equal representation, two each. Members on the committee will be persons who have not been directly involved in or a subject of the dispute. They shall settle all grievances and disagreements presented to them by majority vote. All decisions of the Committee shall be final except when a majority decision cannot be reached. Then, in such case, the matter may be referred to formal mediation if agreed to by both parties.

STEP 5 - If the grievance is not settled in Step 4, the parties, may appoint a Mediator from the California Mediation and Conciliation Service to hear the dispute and make a recommendation. Such recommendation of the Mediator shall be final and binding upon both parties. If either party prefers not to mediate the dispute, the grievance will be submitted directly to arbitration in accordance with the provisions in step 6.

STEP 6 - If no agreement is reached within seven (7) working days as set forth in the third step above, either party hereto may submit the matter to the Board of Arbitration by serving written notice on the other party within fourteen (14) calendar days of their intention to arbitrate. Such letter shall state the issues to be arbitrated and the remedy sought. Each party shall name one arbitrator and these two shall name the third impartial arbitrator. If they cannot agree on the third party, they shall jointly petition the Federal Mediation Service to supply a panel of arbitrators and an impartial arbitrator shall be selected therefrom.

The timelines in all Steps listed above may be extended by mutual consent.

Each Party shall pay one-half of the fees and expenses of the Arbitrator and of the cost of the hearing room. Each party shall pay the fees and expenses of its own witnesses and representatives. The party ordering any stenographic service shall pay for it, except that if both parties desire such service, then the cost shall be borne equally.

The function of the Arbitrator shall be of a judicial rather than a legislative nature. He shall not have the power to add to, ignore, or modify any of the terms and conditions of this Agreement. His decision shall not go beyond what is necessary for the application of the provisions of this Agreement. No decision shall decide

issues not directly involved in the case. The decision of the Arbitrator shall be final and binding on both parties.

No grievance settlement shall be applied retroactive to the date more than thirty (30) calendar days prior to the date that the grievance was originally presented.

A leave of absence granted by the Employer shall not interrupt the continuity of seniority, providing the employee on such leave does not take another job.

Section 5: Prior Written Notice

All employees are to be given written notice, or notice posted on a bulletin board, of impending layoffs not later than the end of the last shift worked prior to the commencement of such layoffs.

Section 6: Layoffs

In the event of layoff, location seniority and classification seniority shall prevail. Employees shall be laid off by inverted shop classification seniority at the affected location. The displaced employee may bump a junior employee in that classification within the entire bargaining unit or may bump a junior employee in a lower classification if qualified to perform the job.

When an employee exercises the right to bump into a lower classification, the employee will adhere to that classification for pay and rights under this Agreement.

Management will not subcontract work exclusively performed by bargaining unit employees that will result in the layoff or displacement of bargaining unit employees.

Section 7: Recall

In the event of a layoff, an employee so laid off shall be given ten (10) days notice of recall.

Section 8: Assignments

Management will observe shift preference according to seniority and, so far as practical, will observe seniority in vacation assignments and days off, but seniority will not be permitted to interfere with the efficiency of operations.

Section 9: Miscellaneous

Seniority shall be applied by classifications to starting time, shift preference, workweek, shift overtime, work on premium days, vacation periods and days off.

It is agreed the above does not apply to new hires who can work their first thirty (30) days on the day shift and five (5) days following the thirty (30) days employment if a senior employee requests the day shift, the new hire will be transferred.

Seniority shall be applied in bidding for job openings. All job openings will be posted for bid when openings occur. The senior, most qualified employee, based on ability and experience, by location, will be given the opportunity to bid for the opening. If the job is not filled, it will be open for bid district-wide with the senior most qualified employee based on ability and experience selected.

Once each year, on October 1st, shifts will be open for bid by location and classification, to be effective on January 1st, the senior, most qualified employees will be eligible to fill the openings. Shift bids are to be submitted within three (3) working days of posting.

The senior qualified employee in any classification shall be given first opportunity for higher rated jobs, if qualified.

Any time a higher rated employee is asked to work on a lower rated job, he shall suffer no

reduction in pay.

Employees may be requested to report for employment at any shop where work is available within the district. The Company will notify employees before the end of the shift where to report. If an opening is created by the bidding procedure outlined above, it will be bid on a one-time basis by location seniority.

A bid to an opening may be rejected by the Employer upon review, provided the Employer has justifiable business or customer service issues. This is subject to the grievance procedure.

In the event that more than one employee has the same length of continuous service in the current classification at the current location, the tie shall be broken by reference to the following, in order of comparison:

- Birth date (First - earliest day, Second - month and Third - calendar year).

Section 10

Any employee promoted into a management position from the shop will lose his/her seniority after one hundred eighty (180) consecutive days in the management position.

Section 11

Any employee transferring from one location to another will fall to the bottom of the seniority list in the receiving location. Seniority shall be lost in the location from which an employee transfers. In other words, a transferred employee would lose shop seniority, but not Company seniority as it applies to length of vacation time and the retirement plan.

Section 12: Probationary Period

Employees will be on probation the first ninety (90) working days of full-time and part-time employment during which time such employees shall work under the provisions of this Agreement, but may be discharged at the sole discretion of management for any reason not prescribed by law without recourse to the grievance procedure. The probationary period shall be extended by the number of days that the employee is absent from work because of sickness, accident, injury or layoff for lack of work and/or leave of absence. After ninety (90) working days of employment, the employee will be placed on the regular seniority list, retroactive to his most recent date of hire.

Further, part-time employees will be required to complete another probationary period of ninety (90) working days if and when they become full-time employees.
